THE WESTERN ROUTE
(Vancouver Province)

As secretary and treasurer of the Alberta Pacific Elevator Company of Calgary, and with a previous experience of fifteen years in the wheat business in Dakota and Minnesota, Mr. L. P. Strong is peculiarly adapted to express opinions on the future of this city as a great shipping port for wheat. Seen this morning at the office of A. M. G. Gardiner Johnson, who is agent for his firm.

"I am thoroughly in touch with the movement of wheat in Alberta and the United States, and I am able to say the prospect is brighter indeed for the shipment of wheat to great terminal elevators here. This will entirely overcome the American competition in the way of prices, and doubtless the whole movement of grain from Alberta in the future is going to come this way."

"Growers and dealers in Alberta are all figuring along that line. Alberta is developing wonderfully fast, and will surely become a great wheat-raising country. Previously it has been a stock country, but the farmers are obtaining all that and from a very small amount of wheat raised three years ago in the province, the output has increased until this year the product is probably two million bushels. Comparatively that amount is a small one, but it goes to show the increase, and we expect next year to raise five million bushels in Alberta. This is very good for an ordinary year."

"There is country sufficient and it is capable of raising first-class wheat—millions and millions of bushels of it—and it will be done. In addition to the farmers who have been settled some time, a large number of American farmers from wheat-growing states are pouring in. They know all about raising wheat, and are raising, and will raise it successfully and largely."

Asked for some details as to the quality of this wheat, Mr. Strong said: "Alberta wheat took the first prize at Portland, Ore., in competition with winners therefore we may say we have the finest wheat in the world." The firm of which he is a member, Mr. Strong said, came to Alberta and built fifteen thirty-thousand-bushel elevators and have in contemplation for the coming year increasing the number to cover the entire territory. "We are," he continued, "naturally looking for an outlet where we do not need to compete with the Manitoba grain, which is located nearer to the eastern shipping points than Alberta, which naturally turn west and find conditions here just what is needed. There is here the outlet we are seeking."

Referring to the erection of elevators in the city, Mr. Strong was convinced that the movement which had started with the erection of the Hall elevator would be followed by the erection of large terminal elevators here just as soon as the development in Alberta is sufficient to warrant it. All the conditions point, that way, and it must come."

As a matter of interest to wheat shippers, and to show that business can be done westward, Mr. Strong said that his company came recently into competition with the American grown wheat in the matter of filling a contract for twenty-five thousand bushels for the British Columbia distillery, and succeeded in filling it with a class of wheat which the member of the company state is superior to the quality they can obtain from the United States, and they are much pleased showing conclusively Western Canada can land the business."

Mr. Strong mentioned that A. M. G. Gardiner Johnson will in future act as the agent of this concern in connection with foreign and local business. It is understood that it is in contemplation to establish the routes for a future wheat exchange, as Mr. Strong is confident this port is sure to become a great shipping point for grain.

His first visit to this city elicits from Mr. Strong expressions of admiration for its natural advantages, situation and facilities, and he is much impressed by the liveliness and movement of the streets and public places of resort.

C. N. R. LINE FOR CALGARY

Calgary, Dec. 1.—At the celebration in Edmonton last week one of the representatives of Calgary who was busy watching the driving of the last spike in the Winnipeg-Edmonton line, met B. D. Mann, the leading spirit in the C.N.R., and had some interesting conversation with him.

"When will the C.N.R. reach Calgary?" asked the Calgary man.

"In a few years," answered the railway magnate.

"That may mean this year, or it may mean another decade," answered the Calgary man.

"Oh, in a year, or two, or three," responded Dan Mann.

"But which will it be, one year, or two years?" insisted the Calgary representative.

"Well, now that you ask me," replied Dan Mann, driven to the corner, "we shall be in Calgary within two years."

"Well, that is good news to me," replied the Calgary man. "If you have no objections I intend to give this to a newspaper friend of mine. It will be a most interesting reading for the people of Calgary."

"You may do as you please," replied Mr. Mann. "A C.N.R. train will be in your city within 24 months and that means a C.N.R. train service. I suppose you people will not object to that."

"Well, no."

PREPARING FOR ANNUAL SPIEL

Calgary, Dec. 1.—J. R. Miquelon, secretary of the Alberta branch of the Royal Caledonia Curling Club, is busy these days attending to the usual work in connection with the arrangements necessary to bring to a successful conclusion the annual biennial always held in this city.

The date of the biennial has not been definitely decided upon by the executive committee, but it will likely be held during the latter part of January. A determined effort is being made this year to make the gathering of curlers an exceptionally successful one in honor of the first biennial to be held in the new province.

The secretary has already sent letters to the different trophy donors, requesting them to forward the individual prizes that accompany the trophies.

It is expected that the Geo. E. Tinkett & Sons Co. Ltd. tobacco manufacturers, of Hamilton, Ont., and the Winnipeg Rubber Co. will each donate handsome trophies to be competed for annually. These in addition to many handsome trophies already donated, should make the biennial the best ever held in the West. Medals have also been ordered for competition among the nine different districts in the province.

There are now 14 clubs in Alberta, affiliated with the provincial branch, and it is expected that four recently organized clubs will send in their applications for membership before the biennial is held.

The officers in the Alberta branch of the Royal Caledonia Curling Club are:

President—J. H. Morris, Edmonton.
1st Vice-Pres.—H. S. McLeod, Calgary.
2nd Vice-Pres.—Hon. Dr. DeVeber, Lethbridge.
Sec.—Treas.—J. R. Miquelon, Calgary.
Executive committee—J. Palmer, N. J. Hood, Neil McKelvie, Calgary; J. B. Mercer, Edmonton; H. W. Trimble, Lacombe; and W. C. McLean, Macleod.

KEEP UP THE GOOD WORK

(Calgary Herald)

Hon. Mr. Cushing has made a good start as Minister of Public Works and member for Calgary. A new bridge over the Bow river west of the city and the establishment of the normal school here are two items of policy that will certainly meet with no opposition from the people of Calgary. In admitting that Calgary is the logical site for the provincial normal school, the new government shows that it is possessed of at least some reason and fairness.

The bridge over the Bow was badly needed, the old Bowmarsh structure being in such a precarious condition that the first big flood would have carried it and the Langevin bridge down stream. Now that so good a start has been made it is to be hoped that Mr. Cushing's department will take into its serious consideration the crying need that exists for a bridge over the Bow south-east of the city. It is possible that both Calgary and the C. P. R. would contribute a portion of the cost of this much-needed structure.

In the very near future too, the old wooden bridge will have to be replaced. It has stood for a score of years and though still in the ring it is badly knocked out. It must soon give way to a modern steel structure with cement piers.

If other parts of the province are as badly in need of public works as Calgary, Mr. Cushing's department will have its hands full.

IMPORTANCE OF TRANSPORT

(Toronto Globe)

The announcement that the grain elevator at Halifax, which has been out of use since its erection six years ago, is being put in order, and the further announcement that the C. P. R. has already made arrangements for the all-rail shipment of 6,900,000 bushels of Manitoba wheat during the winter, emphasize the importance of Canada's present facilities for taking the western grain crop to market by the cheapest carriage. While the dispute between exporters and Canadian millers was before the Railway Commission there was a tendency to lose sight of the interests of the western farmer. Sentimentally, possibly, he would be glad to see the grinding of his wheat give employment to Canadian labor, but practically his first thought must be for his own interest. It is quite clear that the Canadian farmer pays the freight charge on his wheat to Liverpool, and therefore, wants it to go in the cheapest way. That market practically fixes the price for his whole crop, and unless transportation facilities are furnished the settlement of the Northwest may be impeded. Although we talk here of 80-cent wheat and 80 cents for Manitoba wheat, the fact is that the farmers about Saskatoon, according to the Saskatoon Phoenix, are getting 56 cents only for their No. 1 Northern, the difference, 30 cents representing the cost of carriage, etc., from Saskatoon to Georgian Bay ports. How much less will the Saskatoon farmer get when lake navigation closes and his wheat has to bear the additional charge of the all-rail haul to the seaboard?

Farm Lands for Sale

All sections 25-26-27, N. 14 Section 8-54-24, S. 14 Section 8-54-23, and Section 1, N. 14 8-54-23, All west of 4th Meridian. Except mine and mining rights. Half section 3 is bounded on the north by the Saskatchewan River. Offers will also be received for sale lands with mining rights.

Applications for the purchase of lands will be received by the undersigned addressed either Moncton, N.B., or in care of Beck, Emery & Newell, Edmonton.

TELEGRAPHIC
MISSISSIPPI BOAT BURNED
Mobile, Ala., Dec. 2.—A boat on the Middle river burned and nine men lost their lives.

FAMILY BURNED
Western, West Virginia, Dec. 2.—Chas. Douglas, his wife and two children were burned to death in their house. The conflagration was caused by gas explosion.

RIVER NAVIGATION CLOSED
Montreal, Que., Dec. 2.—River navigation closed yesterday with the sailing of the Canadian Pacific steamship, Lake Michigan, which left for Liverpool. The Lake Michigan is the 192nd vessel which has cleared this season.

THREE CHILDREN BURNED
Quebec, Dec. 2.—A fire in the residence of Fortunato Trepanier caused the death of three children. The fire which completely destroyed the dwelling spread so rapidly that all efforts to save the children proved futile.

DISTASTFUL SEASON ON THE LAKES
Detroit, Mich., Dec. 2.—One hundred and fifty-nine lives have been sacrificed and over 70 ships wrecked and a loss of \$7,000,000 sustained in the three big storms on the Great Lakes this season, the most disastrous record in the history of lake navigation.

DR. SUTHERLAND ON ALBERTA ELECTIONS

Rev. Dr. Sutherland, General Missionary Secretary of the Methodist church, has returned to Toronto, says the Globe from an extensive tour of western Canada, and reports great activity and growth throughout the whole region, not only in the matter of temporal prosperity and political affairs, but also in mission work in which he is more particularly concerned.

"The result of the elections in Alberta," said Dr. Sutherland, "has been a marvellous triumph for the newly-formed Liberal Government. This does not necessarily mean that the people approve of the autonomy bill, but they evidently think it better policy to make the province a part of the constitution they have than to spend time in fighting something that cannot be reversed; thus they are avoiding what might have been expensive lawsuits, contention, litigation and strife."

There are very difficult problems yet to be solved in the Northwest," added the Doctor, "and the people are fully aware of these themselves, but there is every disposition to meet them in a hopeful spirit. Free public schools will go far to solve the race and language problems, while in regard to moral issues, the burden of responsibility will rest upon the churches."

SPEAKS WELL OF EDMONTON

(Winnipeg Free Press.)

The Canadian Northern officials who attended the ceremony of driving the last spike in the main line at Edmonton, express themselves as well pleased with the cordiality of the welcome extended them by the citizens of Alberta's capital. The event passed off most pleasantly for all concerned, and the visitors were royally entertained at a banquet in the evening.

Mayor J. J. Auld said that the country for miles around Edmonton is well settled and the agricultural trade alone will support a large city, but Edmonton has other resources that will greatly aid in the upbuilding, such as coal and timber, and all the members of the C.N.R. party are of the opinion that the young city is destined to soon become one of the leading cities of Canada.

In the course of two or three weeks a tri-weekly passenger train service will be put on the main line between Winnipeg and Edmonton for the winter months, and this will be followed in the spring by a daily service, with trains that will be equipped in the very best style known to the car-builders' art. Owing to the prospective heavy local traffic, it is likely that local trains will be necessary.

The special train that conveyed the C.N.R. party to Edmonton made the run in 26 hours, 30 minutes, including stops at divisional points to change engines, and a delay of half an hour, caused by a hot box. The telegraph report stated that the run had been made in 27 hours, 30 minutes, but a lowman was not made for the change in time of one hour between the two points. The distance to Edmonton by the C.N.R. is 820 miles.

VISITORS TESTIMONY

A. N. Head, of Canton, Illinois, paying a visit to the Edmonton district, has this to say favorably for this district, "After travelling for the last six months through the Dakotas and Minnesota, and through many districts in the Canadian Northwest and carefully examining all these different states and provinces and districts I have come to this conclusion that, for all purposes as a place of farming country, I am satisfied with the Edmonton district. I look for a great future for it as an agricultural country. I have never seen its natural resources beaten anywhere in my travels. I go back to my old home in Illinois and return perfectly satisfied with the country and in the near future I shall turn and purchase country real estate. As to the city of Edmonton, it certainly has a bright future before it and is bound to make a great city of Northwest Canada. I shall return and purchase residence property in the city this spring. On my return home I have a large circle of acquaintances who are land-seekers, and I will fully reveal the good qualities of the Edmonton district to them. Upon examination of the grains produced in the Edmonton district, I pronounce them far superior to grains raised on our Illinois lands worth \$3.50 per acre."

A. N. HEAD,
Canton, Ill.

STOVES

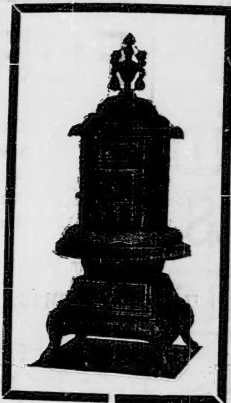

will soon be needed, and no doubt they will go with a rush.

If you want a first class up to date Cast Iron Range that has been a winner for many years, we have the "Happy Thought." There is more of this Range in use than any other on the Range in Canada, and no person has ever heard of a poor one. Then, if you want an all steel and malleable iron range, we have the "Monarch." You cannot break this range and it has a mirror polished top which makes it a thing of beauty to look at as well as to use.

For any up to date line of heating stoves we think we have them all beat. It is not a case of you having to take what we have; our assortment justifies us in saying you can get just what you want from us.

We have from the smallest to the largest heating stoves in any style and for any purpose, to burn both coal and wood, or both. The prices are made to suit the pockets of all, and while we make only a very small profit on each stove we think the quantity we sell justifies us in saying that we can sell on so close a margin and still hold our own. We have everything in Stove Trimmings, and first class Mechanics to deliver and put them up. Do not waste time in king all over the city, but come direct to us.

Ross Bros. Ltd.

Direct Importers.

LOCAL

—T's train bearing the Fort Saskatchewan visitors to the celebration on Friday last made the return trip in 50 minutes.

—Portage la Prairie, Man., Nov. 28.—Traces of gold were discovered by the G. T. P. graders on the route to the North West of Austin, Man., recently. Several miniature nuggets were picked up in what is thought, was an old river bed. M. Heaton, one of the foremen secured quite a valuable souvenir in the form of a nugget the size of a small pebble.

—Strathcona Police: A petition has been circulated this week on Chief Justice Sifton that he be released on suspended sentence Guy Baxter, the fifteen-year old boy charged with shooting at a Chinaman. We understand that the boy feels disposition keenly and it is hoped that he has learned a lesson that will be profitable to him without the sternest penalties of the law.

—Strathcona Police: Rev. C. W. Corey and son Hugh, returned yesterday from Vancouver, where they spent a few days. Mr. Corey was greatly impressed with the rapid progress being made by the residents of the new town in getting established. Already there are thirty habitation and business places, where a month ago there were none. He states that the road bed of the new line is in very creditable condition for so recent construction.

—Mr. Donald Ross added another laurel on Thursday last by driving the last spike in the loop connecting the C.N.R. main line with the E.Y. & P. It has been the fortune of Mr. Ross to carry the first telegraph line across the Saskatchewan; to drive the last spike in the C. & E.; to drive the first spike in the bridge; to drive the first spike in making the connection of the C. & E. and the E.Y. & P.; to run the first engine across the bridge; to turn the first set, and drive the first spike in the E. Y. & P. north of the river.

—Albertan: Engine No. 224, which has broken up at Millet, is a "hoodoo," this being the third accident with her during three months. At Airdrie three months ago, she ran off the track at Wetaskiwin, within the past weeks another engine put her in another wreck, and now, stripped of smokestack, bell and driving gear, with smashed boilers and wrecked cab, she lies in the mud at Millet ready for transportation to the scrap heap.

The Tag That Tells

Mothers

Look for this tag on every pair of Stockings you buy for the boys. It's a guarantee of the wear of

"Dominion Brand" STOCKINGS.

It means fewer stockings to buy—and much less darning to do.

While you are buying the boys' stockings, ask to see "Dominion" Brand UNDERWEAR for Ladies and Children.

LOCAL

A children's service was held yesterday morning in Grace Church, Rev. A. S. Tuttle preaching.

The initiation of the boys' brigade met tomorrow evening at 8 p.m. in All Saint's school room.

The Ladies' Aid of the Presbyterian church will meet at the manse on Tuesday afternoon at three o'clock.

Miss Ethel Webster sang the solo "Come Into Me," at the evening service in the Presbyterian church yesterday.

Now Bros. have in their window a neat display of lumbermen's tools, and a circular saw run by a small motor.

The meeting of the executive of the Young Liberal Club has been postponed until tomorrow at 8 o'clock.

The Men's institute of McDougall church will be addressed by ex-Mayor Short tomorrow evening. Mr. Short will discuss the city charter.

Mr. Jas. Gallagher formerly of Niagara Falls, Ont., has located in the city as district agent for the Great West Life Assurance Co.

The 9th store is moving this week into the premises next J. I. Blowsy's furniture store, formerly occupied by Mr. Studebaker as a grocery store.

The Ladies' Aid of the new Queen's avenue Presbyterian mission will meet at the home of Mrs. S. Williamson at three o'clock on Tuesday.

The Bulletin has been handed for publication the requisition asking Mr. Cushing to act as Mayor. Lack of space forbids publication until tomorrow.

The grading outfits and horses used on the C. N. R. grade as far as Spruce Grove, were shipped from the C. N. R. station last night for Winnipeg.

There will be a special meeting of the Ladies' Aid of Grace Methodist church at the home of Mrs. Wright, Fraser avenue, Saturday afternoon at 3 o'clock.

The Sons of England meet tonight in Unity Hall at eight p.m. for the purpose of electing officers for the coming year. All members are requested to be present.

Chas. Gordon, of Fort Saskatchewan, contractor for Shipley's Hotel and Brock's hardware store at Vegreville, was in the city on Saturday buying lumber for the work.

F. Irwin, manager of Cushing Bros. lumber yard at Vegreville, spent several days last week in town forwarding stock to the yard. He reports business good in the Vermilion valley.

A transformer is being installed at McDougall & Second's store for the motor which will operate the passenger and freight elevator which has been installed. The motor has not arrived yet, but is expected shortly.

Invitations are out for a piano recital by Miss Dorothy Huettli, pupil of Mr. Percy Hook, in Alberta College assembly hall, on the evening of Thursday December 7th. Miss Huettli will be assisted by Miss Stauff, reader, and Miss Burnett, vocalist.

Alex. Goodrich, of the city fire brigade, received word on Saturday of the death of Mrs. Goodrich, wife of his brother, George Goodrich, in Winnipeg. She was severely burned by the explosion of a can of kerosene several days since.

Lacombe Advertiser: The C. P. R. have the steel laid on the extension east of Lacombe for fifty miles, and have ceased construction work for the winter. Settler in the new town at the terminus, and the indications are that it will make one of the good towns on the new line.

Mr. Aug. Fibiger of Winnipeg has opened up a lunch counter and fruit store on Jasper avenue, opposite Fraser avenue. He has installed an electric heater, the first in Edmonton, which adds to the comfort of his patrons. Mr. Fibiger intends giving a dainty lunch to ladies who are town shopping and will announce the hour and the day later.

There were only two building permits issued this week, one to H. Fry, for a dwelling on Boundary avenue, between Howard street and Jasper avenue extension to cost \$100, and the other to S. B. McKnight, for a stable on Eighth street, between Jasper and Athabasca, costing \$200. The amount expended on building in the city since March 1st is shown by the record of applications, is \$778,814, and for the month of November \$75,930. During November forty-seven permits were issued, thirty permits for residence and dwelling, or additions thereto, eight for stables, five for office and workshops or additions, one for a butcher shop, one for a lumber shed, one for a line and coal house and one for an addition to a hotel.

PERSONA

Geo. Houtart, Deputy Minister of Agriculture left Saturday to meet E. W. Hodge, Dominion Live Stock Commissioner in Winnipeg.

Mrs. Chapman, Fourth street, will be in town on Wednesday afternoon and Thursday on the first and second Tuesdays of the month.

Chas. McKinnon, of the Methodist Book Concern, formerly of the Edmonton branch, spent Sunday with Edmonton friends.

Archibald Ogilvie, J. A. York, Robert Carter, Alex. McDonald, and Lewis Upper, left this morning on a holiday trip to Montreal and other eastern cities. Mr. McDonald will visit Europe before returning.

Alberta Cafe

A Royal Feast

awaits anyone who orders a steak at Cronn's restaurant. And so it is with anything on our bill of fare. We have not only the very choicest of seasonable selections that the markets can give, but they are cooked and served in a manner most appetizing.

Shell Oysters and Fresh Lobsters at Alberta Cafe

R. B. CRONN

Just Arrived at McKenzie's Book Store

100,000 ENVELOPES

These are carefully selected and will be sold at right prices. It will pay you to see them. Also see his splendid range of writing tablets, including his famous "IRISH LINEN" Tablets.
